NOTICE

In accordance with the provisions of Chapter 91-A, Sec. 34, R.S. 1954, amended, all resident and non-resident owners are hereby notified to bring in to the Assessors, on or before April 1, 1975, a true and perfect list of their polls and estates, real and personal of which they are possessed on the first day of April, 1975, and be prepared to take oath to the same. Any person who neglects to comply with this notice is barred his right to make application to the Assessors or County Commissioners for any abatement of his tax unless he satisfies the Assessors that he was unable to offer it at the time appointed.

A. H. RUNNELS

Report of the Town Clerk

To the Selectmen of Greenwood:

Number of Marriages in 1974 — 10

Number of Births in 1974 — 9

Deaths Reported in 1974

In Locke Mills, Maine, March 13, 1974, Sadie Bertha Kimball, age 74 years, born in Maine. Cause of death: acute myocardial infarction.

In Rumford, Maine, June 11, 1970, Bernard Harrington, age 69 years, born in Maine. Cause of death: carcinoma of the prostate with metastasis.

In Greenwood, Maine, June 8, 1974, Nelson A. Hart, age 41 years, born in Maine. Cause of death: cardiac arrest, hemopericardium, and tamponade; traumatic rupture of aorta.

In Locke Mills, Maine, June 15, 1974, James W. Ring, age 87 years, born in Maine. Cause of death: probable massive myocardial infarction; arteriosclerotic heart disease.

In Rumford, Maine, June 7, 1974, Helen M. Chase, age 51 years, born in Maine. Cause of death: carcinoma of cecum with metastasis to the liver.

In Greenwood City, Maine, July 14, 1974, Lester G. Swan, age 80 years, born in Maine. Cause of death: congestive heart failure; massive bronckogenic carcinoma.

In Rumford, Maine, November 17, 1974, Frank Willard Bennett, age 85 years, born in Maine. Cause of death: carcinoma of the head of the pancreas.

Respectfully submitted,

PHYLLIS COOLIDGE,
Clerk

Fire Chief's Report

During the past year, we have been called to three chimney fires, two plugged chimneys, two fires at the mill, one house fire, two grass fires and one out-of-town fire on the East Bethel road.

During Fire Prevention Week, we went to the school house with Smokey the Bear with hats and literature for the children.

I would like to thank all for the new building that has been constructed. This should make us more effective in the Winter, because all trucks will be loaded with water, ready to go at all times. A special thanks to Charles Day for the donation of land on which the building was constructed; to Ken Roberts for help in drawing up blue prints; the building committee, especially Hugh Swan and Raymond W. Seames for the work and time contributed; to Ekco Wood Products for helmets, jackets and boots; to the Community Club for their donation and a special thanks to all who have donated, but are too numerous to mention.

Thanks for helping to keep fires at a minimum and please be sure to report all fires, no matter how small, because a small fire can always result in a larger one.

At present, we have new hose and Alerting equipment on order. Thank you for your help and understanding this past year.

CHARLES S. MELVILLE,
Fire Chief

Report of Auditor

CHARLES ROY WOODMAN

PUBLIC ACCOUNTANT

Readfield, Maine

685-3318

February 3, 1975

Board of Selectmen

Greenwood, Maine

Gentlemen:

In accordance with the provisions of Title 30, Section 5253, Revised Statutes of 1964, and at your request, the financial records of the Town of Greenwood have been audited for the municipal year ended December 31, 1974.

As required by statute, one copy of this report together with the audit procedural form prescribed by the state auditor for governmental audits in accordance with statutory requirement have been forwarded to the State Department of Audit.

The examination was in the form of a limited general audit and performed in accordance with standards established by the State Department of Audit and by the National Committee on Governmental Accounting. Audit analysis was on a basis consistent with the preceding year and included all procedures considered necessary.

Transactions effecting Federal Revenue Sharing Funds were examined in accordance with the "Audit Guide and Standards for Revenue Sharing Recipients" issued by the Office of Revenue Sharing, U. S. Department of the Treasury.

Insofar as could be ascertained within the scope of the examination, the financial affairs of the Town appear to

have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules together with the accompanying comments present the result of the financial operation of the Town for the period designated.

All of which is respectfully submitted.

C. R. WOODMAN
Public Accountant

COMMENTS

January 1, 1974 to December 31, 1974

An audit of the financial records maintained by the various officers of the Town of Greenwood has been completed for the municipal year ended December 31, 1974.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following comments, exhibits and supporting schedules.

Net departmental balances lapsed to general fund surplus amounted to \$5,444.82. This was occasioned by unexpended balances in excise tax and overlay accounts (Exhibit D). Most unexpended balances were carried forward to 1975 at the direction of the Selectmen.

ASSETS . . . The general fund cash balance of \$17,292.65 was reconciled with a statement furnished by Casco Bank and Trust Co., Bethel, Maine.

Accounts receivable of \$11,700.81 consisted principally of balances due from the State of Maine for highway activities.

Taxes receivable of \$13,844.76 represented the uncollected balance of the 1974 commitment of \$13,727.44 and a balance of \$117.32 from prior years.

Tax liens amounted to \$2,103.15 at the year end, while tax acquired property totaled \$1,316.85.

LIABILITIES Notes payable reflected on the balance sheet under Debt Fund amounted to \$11,000.00 at the year end. Notes totalling \$10,000.00 were issued by authority at Town meeting vote and applied to construction of a new fire station.

SURPLUS Appropriation account balances carried forward to the ensuing year amounted to \$18,488.23 and represented departmental balances carried forward at the direction of the Selectmen.

The unappropriated surplus amounted to \$17,710.28 at the year end, a decrease of \$8,105.61 for the period. This decrease was occasioned principally by issuance of Town notes of \$10,000.00 for fire station construction.

GENERAL A review of the Town Clerk's records revealed the Selectmen were authorized to construct a new fire station using the school construction reserve fund of \$13,307.09 and to borrow \$10,000.00 for the purpose.

REVENUE SHARING FUNDS received from the State amounted to \$7,012.16, which was applied to reduce taxes. Federal revenue sharing funds available amounted to \$41,132.87, of which \$22,299.33 was used as voted by the Town. Detail is shown on Exhibit F.

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were utilized to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at December 31, 1974, and the result of its operations for the year then ended.

TOWN OF GREENWOOD, MAINE

Please return this form to the Board of Assessors by April 1, 1975.

LIST OF ESTATES

Not exempt from taxation and filed pursuant to Title 36, Section 705,
Maine Revised Statutes, 1964, as amended:

To the Assessors of the Municipality of Greenwood, Maine:

1. I am a legal resident of
2. REAL ESTATE: List briefly each separate parcel subject to taxation on April 1 of the year for which this list is filed, and located in the municipality in which this return is filed: List only changes from last year—

Location (street or road)	Area of Land (lot dimension or acres)	Buildings (dwelling, barn, garage)
------------------------------	--	---------------------------------------

- a.
- b.
- c.

(If additional space is required, use and attach extra sheets)

Have any of the buildings listed been constructed or altered since the previous April 1st? Yes..... No If so, identify building and give brief description of construction or alteration.

3. PERSONAL PROPERTY: List number and value of items owned or in possession and subject to taxation.

Warrant for Town Meeting

To Rodney Cross, Jr., a constable in the Town of Greenwood in the County of Oxford:

Greetings:

In the name of the State of Maine, you are hereby directed to notify and warn the inhabitants of the Town of Greenwood, qualified by law to vote in said town, to meet at the Town Hall at Locke Mills Village, in said town, on Saturday, the 1st day of March, 1975 at 10 o'clock in the morning to act on the following articles, to wit:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose a town clerk for the ensuing year and fix the salary of same. (Rec.: \$150.)

Article 3. To choose a town treasurer for the ensuing year and fix salary of same. (Rec.: \$400.)

Article 4. To choose a tax collector for the ensuing year and fix salary of same. (Rec.: \$2,500. plus .25 for each excise tax plus legal fees and expenses)

Article 5. To see if the town will authorize the Selectmen to appoint a person as secretary to the Selectmen for the ensuing year.

Article 6. To choose selectmen, assessors and overseers of the poor for the ensuing year and fix their pay. (Rec.: \$3.00 per hour, expenses and mileage, .15 per mile)

Article 7. To see if the town will pay each director of S.A.D. #44, \$100. for their services for the ensuing year. (Rec.: To be taken from Officers' Salary and Miscellaneous Account)

Article 8. To elect one director to serve on the board of directors of S.A.D. #44 for three years.

Article 9. To see if the town will vote to pay the fire chief for his services for the ensuing year and fix his pay per hour and expenses. (Rec.: \$3.00 per hour plus \$100. for expenses)

Article 10. To see if the town will vote to pay the chief constable for his services for the ensuing year and fix his pay per hour and expenses. (Rec.: \$3.00 per hour plus \$100. for expenses)

Article 11. To see if the town will pay the plumbing inspector \$100. a year in addition to his fees. (Rec.: To be taken from Officers' Salary and Miscellaneous Account.)

Article 12. To see if the town will vote to accept the wage scale and benefits for full-time town employees as follows:

1. Wages
 - a. Road Commissioner \$3.50 per hour
 - b. Equipment Operators \$2.75 per hour
 - c. Laborers \$2.25 per hour
2. Vacations
 - one week — one year
 - two weeks — three years
 - three weeks — ten years
3. Holidays: New Years Day, Washington's Birthday, Memorial Day, July 4th, Labor Day, Veterans Day, Thanksgiving Day, Christmas
4. Insurance: Blue Cross and Blue Shield paid by Town
5. a 43-hour work week whenever possible

Article 13. To elect a road commissioner.

Article 14. To elect all other town officers for the ensuing year.

Article 15. To see what action the town will take in regard to the purchase of road equipment and raise money for same. (Rec.: \$10,000. from Revenue Sharing Trust Fund and borrow remaining amount for the purchase of a new truck)

Article 16. To see if the town will appropriate the sum of \$10,000 from the Revenue Sharing Trust Fund and transfer it to the Equipment Account for the purpose of purchasing road equipment.

Article 17. To see what sum of money the town will vote to raise and appropriate for winter roads, snow removal, sand, etc. (Rec.: \$7,000.)

Article 18. To see if the town will appropriate the sum of \$10,000 from the Revenue Sharing Trust Fund and transfer it to the winter road account for the purpose of snow removal, sand, etc.

Article 19. To see what sum of money the town will vote to raise and appropriate for summer roads and bridges. (Rec.: \$9,000.)

Article 20. To see what sum of money the town will vote to raise and appropriate for tarring roads. (Rec.: \$9,000.)

Article 21. To see what sum of money the town will vote to raise and appropriate for cutting bushes along the town highways. (Rec.: \$500.)

Article 22. To see if the town will vote to raise and appropriate a sum of money to widen and surface a section of town road. (Rec.: \$2,500. from excise)

Article 23. To see what sum per hour the town will vote to pay trucks, tractors, for labor on town roads. (Rec.: Selectmen to set pay)

Article 24. To see what sum of money the town will vote to raise and appropriate for State Aid Road reconstruction (in addition to amounts regularly raised for care of ways, highways, bridges) under the provisions of Title 23, MRSA, Section 1101, 1103 and 1104. (Rec.: \$2,600. from State Aid, Balance \$1,792. from excise)

Article 25. To see if the town will vote to raise and appropriate the sum of \$1,000. to pay a note due on the bucket loader April 1, 1975. (Rec.: from excise)

Article 26. To see if the town will vote to raise and appropriate the sum of \$10,000. to pay a note due on the new fire station.

Article 27. To see what sum of money the town will vote to raise and appropriate for town officers' salaries and miscellaneous. (Rec.: \$11,000)

Article 28. To see if the town will vote to raise and appropriate the necessary amount for payment of interest. (Rec.: \$1,000.)

Article 29. To see if the town will vote to raise and appropriate the necessary amount to insure the town property and equipment against fire, property damage and personal liability.

(Rec.: Road equipment from Equipment Account

Fire equipment from Fire Expenses

Town Hall from town hall account

Fire House from fire station account

Town Garage from town garage account)

Article 30. To see if the town will raise and appropriate the necessary amount for the following items: (All monies expended should be with the approval of either the forest fire warden or fire chief)

- a. to pay for fires and expenses
(Rec.: To be taken from Surplus)
- b. to pay for new equipment (Rec.: \$1,200.)
- c. a sum of money to be placed in a savings account for the purchase of future fire equipment in line of a pumper
(Rec.: \$500.)

Article 31. To see what sum of money the town will vote to raise and appropriate for fire station expenses. (Rec.: \$1,500.)

Article 32. To see if the town will vote to accept all fire equipment owned by the Greenwood Volunteer Fire Department.

Article 33. To see if the town will vote to establish and maintain a Municipal Fire Department.

Article 34. To see if the town will vote to accept the officers and members of the now organized Greenwood Volunteer Fire Department to serve as the town's fire department to be governed by the rules and by-laws under which they now operate, and which may be appended, amended or revised by the department in the future

Article 35. To see what sum of money the town will vote to raise and appropriate for town hall expenses. (Rec.: \$600.)

Article 36. To see what sum of money the town will vote to raise and appropriate for town garage expenses. (Rec.: \$600.)

Article 37. To see if the town will vote to raise and appropriate the necessary amount for the support of the town poor. (Rec.: \$2,000.)

Article 38. To see what sum of money the town will vote to raise and appropriate for street lights. (Rec.: \$2,400.)

Article 39. To see if the town will vote to raise and appropriate the necessary amount for Civil Defense and Public Safety and to pay expenses for local Civil Defense Directors (Rec.: \$200.)

Article 40. To see if the town will raise and appropriate a sum of money for the Greenwood Scholarship Fund. (Rec.: \$300.)

Article 41. To see what sum of money the town will vote to raise and appropriate for Memorial Day observances. (Rec.: \$100.)

Article 42. To see what sum of money the town will vote to raise and appropriate for the control of Dutch Elm disease and replacement of trees. (Rec.: \$400.)

Article 43. To see if the town will vote to raise and appropriate the sum of \$100. to administer the dog ordinance.

Article 44. To see if the town will vote to raise and appropriate the sum necessary for maintenance of town dump. (Rec. \$2,500.)

Article 45. To see if the town will appropriate the sum of \$1,000. from the Revenue Sharing Trust Fund and transfer it to the Town Dump Account for the purpose of maintaining the town dump to State specification.

Article 46. To see if the town will vote to raise and appropriate the sum of \$450. to be used for recreation.

- a. \$100. for swimming lessons
- b. \$100. for skating rink
- c. \$150. for Greenwood Little League
- d. \$100. for Greenwood and Woodstock Pony League Baseball

Article 47. To see if the town will vote to raise and appropriate the necessary amount of its share of Social Security benefits for its employees. (Rec.: To be taken from Surplus)

Article 48. To see if the town will vote to raise and appropriate the necessary amount for Workmen's Compensation (Rec.: To be taken from Surplus)

Article 50. To see if the town will vote to raise and appropriate the necessary amount for insurance for full time employees. (Rec.: To be taken from Surplus)

Article 51. To see if the town will vote to authorize the Selectmen and Treasurer to sell such real estate acquired by tax liens as they may deem advisable for the best interest of the town and convey the same by quit-claim deed. Such real estate to be advertised for thirty days.

Article 52. To see if the town will authorize the Selectmen to deposit the proceeds from sale of tax-acquired property into the Capital Improvement Account.

Article 53. To see if the town will authorize the Selectmen to allocate monies from the Capital Improvement Account of the Reserve Fund to be used toward the construction of a fire station.

Article 54. To see if the town will vote to raise and appropriate a subsidy of \$1,090. for one (1) year to be paid to the I. W. Andrews and Son Ambulance Service.

Article 55. To see if the town will vote to raise and appropriate a subsidy of \$2,745. for one (1) year to be paid to the Bethel Ambulance Service.

Article 56. To see what sum of money the town will vote to raise and appropriate to be used by the Beach Committee for maintaining a town beach. (Rec.: \$1,000.)

Article 57. To see if the town will appropriate the sum of \$500. from the Revenue Sharing Trust Fund and transfer it to the recreation account for the purpose of improving the Little League Field.

Article 58. To see if the town will vote to raise and appropriate the sum of \$183. to help defray the cost of home health services to residents of the town through the Androscoggin Home Health Services, Inc.

Article 59. To see if the town will vote to raise and appropriate the sum of \$350. for the Oxford County Economic Opportunity Council to help defray the cost of Education and Social Services available to residents of the town.

Article 60. To see if the town will vote to raise and appropriate the sum of \$140. for the Western Older Citizens Council, Inc.

Article 61. To see if the town will vote to raise and appropriate the sum of \$200. for Colby-Bates-Bowdoin Public Television.

Article 62. To see if the town will vote to raise and appropriate the sum of \$610. for the Tri-County Mental Health Association.

Article 63. To see if the town will vote to raise and appropriate the sum of \$25. toward the support of the activities of the Oxford County Soil and Water Conservation District.

Article 64. To see if the town will vote to raise and appropriate the sum of \$100. to clean up the Town Pound located near Greenwood City.

Article 65. To see if the town will authorize the Selectmen to dispose of the Harry Lowe property in the best interest of the town.

Article 66. To see if the town will vote to accept the roads around Mt. Abram A-Frame Village as town roads, if said roads are graveled and widened to meet town standards.

Article 67. To see if the town will vote to rebuild the town office and construct toilets in the town hall. (Rec.: \$8,000. from Revenue Sharing Trust Fund)

Article 68. To see if the town will appropriate the sum of \$8,000. from the Revenue Sharing Trust Fund and transfer it to the Town Hall Account for the purpose of rebuilding the town office and constructing toilets in the town hall.

Article 69. To see if the town will vote to raise and appropriate a sum of money to widen and surface approximately 0.6 (six-tenths) mile of dirt road in the "Irish Neighborhood", West Greenwood, from the end of the last construction, extending southerly 0.6 (six-tenths) mile. (Estimate: \$2,500.00)

Article 70. To see if the town will vote to approve the Federally Assisted Housing Resolution which reads as follows:

WHEREAS, Section 4601-A of Title 30 of the Revised Statutes authorizes the Maine State Housing Authority to plan, develop, finance, and otherwise assist in the development of decent, safe and sanitary housing accommodations for persons or families of low income; and

WHEREAS, the Maine State Housing Authority utilizes financial assistance provided by the Federal Government in order to provide decent housing for such persons; and

WHEREAS, Section 4701 of Title 30 of the Revised Statutes provides that the Maine State Housing Authority may not enter into contracts with the Federal Government for financial assistance for such housing unless the governing body of the locality where the housing is to be located has authorized the Authority to make such agreement;

NOW, THEREFORE, be it resolved by the governing body of the Town of Greenwood as follows:

The Maine State Housing Authority is authorized to seek and may contract for financial assistance from the Federal Government for the purpose of providing housing for low-income persons and families in the Town of Greenwood.

Article 71. Shall an ordinance entitled "Shoreland Zoning Ordinance for the Town of Greenwood," be enacted?
(See Page 80)

Article 72. To see if the Town of Greenwood will elect to comply with the requirements of the National Flood Insurance Act of 1968 (P.L. 90-448) as amended.
(See Page 77)

Article 73. To see if the town will vote to accept a public way across a railroad track and right of way of the Canadian National Railroad at Greenwood, Maine, being more particularly described as follows:

Beginning at a point from Route 26 going to the Canadian National Railroad crossing, a distance of fifty-seven (57) feet, more or less, with a width of fourteen (14) feet, more or less, towards Littlefield Beaches.

Thence from the Canadian National Railroad crossing, a distance of one hundred thirty feet (130 ft.), more or less, with a width of fourteen (14) feet, more or less, towards Littlefield Beaches; this being part of the present road now being used by camp owners, occupants and owners of Littlefield Beaches.

Article 74. To transact any other business that may legally come before said meeting.

The registrar will be at the Town Hall at 9:30 o'clock on the morning of said meeting for the purpose of correcting the list of voters.

Hereof fail not and have there this warrant with your doings thereon.

HERBERT E. DUNHAM
NORMAN R. MILLETT
DAVID L. HOLT

Report to the Taxpayers of Greenwood

The year, 1974, to the majority of taxpayers was a year of reduced taxes, yet to a few who had increased acreage, parcels not on the tax book or woodland not under the Tree Growth Law received increases.

The tax mapping was very successful, although we are asking for separation and combination of certain parcels when the up-dating of the transfers are done this Spring. Considerable acreage was recovered. One taxpayer, who was being taxed for eight (8) acres now is being taxed for ninety (90). One other case was five hundred (500) acres discovered, belonging to a taxpayer.

Our town dump will have an attendant on duty during dumping hours. This Spring, the dump will be open only certain hours a week, with special consideration given businesses that dump more frequently. The dump will also be partially enclosed by a fence. We are asking for a variance from the State to continue open burning. If we are not successful, we will go to land fill until another site is obtained or other means for garbage disposal can be found.

There are two articles that we are not recommending; therefore, they are not in the suggested budget. If these are passed, it will increase the appropriation by \$4,200.

There are several errors in the Audit. The correct amount for Surplus is \$27,710.28. The Surplus in the Summer Road Account is an Account Receivable. Also, under tax acquired property, Andrew Hawkins' and Bruce Sherman's are incorrect, as these have been paid. We have a buyer for the Harry Lowe Property who is willing to buy under the present circumstances. This year, we will try to dispose of the property, so it will be on the tax books again.

We have continued measuring buildings and making adjustments. The Chairman of the Board attended Assessors

School at Bowdoin College last July, passing the first of six courses. One must complete all six courses before becoming a certified assessor. By 1980, only certified assessors may value property.

Your tax bills should be out by August or sooner, depending upon the work hours available.

HERBERT E. DUNHAM

Chairman, Board of Selectmen
Greenwood

Ordinance relating to Flood Hazard Building Permit System and Review Procedure

WHEREAS, the Town of Greenwood elects to comply with the requirements of the National Flood Insurance Act of 1968 (P.L. 90-448, as amended):

WHEREAS, The National Flood Insurance Program established in the aforesaid Act provides that maps shall be provided by the Federal Insurance Administration identifying those areas of the Town in the flood plain having a special flood hazard;

NOW, THEREFORE, BE IT RESOLVED by the Town of Greenwood as follows:

1. Permit. Before construction, relocation, replacement, or substantial enlargement or modification of any building has commenced in the special flood hazard area designated on the maps prepared in accordance with the National Flood Insurance Act of 1968, as amended, the owner or lessee, or the architect, engineer, contractor or builder employed by such owner or lessee shall obtain from the (Code Enforcement Officer, Planning Board or Selectmen)* a permit covering such proposed work.
2. Application. The application for a permit shall be submitted in writing to the (Code Enforcement Officer, Planning Board, or Selectmen)* and shall include:
 - a. the name and address of applicant,
 - b. an address or a map indicating the location of the construction site,
 - c. a site plan showing location of existing and proposed structure(s), sewage disposal facilities, water supply, areas to be cut and filled and the lot dimensions,
 - d. a statement of intended use of the proposed structure(s),
 - e. a statement as to the type of sewage system proposed,
 - f. specification of dimensions of the proposed structure(s) (length, width and height),

- g. the elevation (in relation to ground and mean sea level) of the lowest floor, including basement, and if the lowest floor is below grade on one or more sides, the elevation of the floor immediately above, and
 - h. a copy of the plans and specifications of the proposed construction. This requirement may be modified by decision of the (Code Enforcement Officer, Planning Board or Selectmen)* when in their opinion such information is or is not needed to determine the conformance of the proposed construction with this ordinance.
- 3. Fee. A permit fee of \$10.00 (ten dollars) shall be paid to the town clerk (for compensation of the Code Enforcement Officer) with a copy of the receipt to accompany the application.
- 4. Review. The (Code Enforcement Officer, Planning Board or Selectmen)* shall review all aforesaid building permit applications to determine whether proposed building sites will be reasonably safe from flooding. Any construction, relocation, replacement or substantial enlargement or modification of any building, including prefabricated and mobile homes upon building sites in the special flood hazard area must:
 - a. be designed or modified and anchored to prevent flotation, collapse or lateral movement of the structure,
 - b. use construction material and utility equipment that are resistant to flood damage, and
 - c. use construction methods and practices that will minimize flood damage.
- 5. Subdivision. The (Planning Board or Selectmen)* shall, when reviewing subdivisions under 30 M.R.S.A. §4956, assure that:
 - a. all such proposals are consistent with the need to minimize flood damage,
 - b. all public utilities and facilities, such as sewer, gas, electrical and water systems are located, elevated, and constructed to minimize or eliminate flood damages, and
 - c. adequate drainage is provided so as to reduce exposure to flood hazards.

6. Plumbing. The Plumbing Inspector shall require new or replacement water supply systems and sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and require on-site waste disposal systems to be located so as to avoid impairment of them or contamination from them during flooding.
7. Regulations. The (Planning Board or Selectmen)* may adopt any reasonable regulations that are consistent with and in furtherance of the objectives of sections 4, 5 and 6, above, that they deem necessary for the proper enforcement of said sections and which are consistent with State law.
8. Variances. The Board of Appeals may, upon written application of the affected landowner, grant a variance from the strict application of this Ordinance under the following conditions:
 - a. the strict application of the terms of this Ordinance would result in undue hardship to the applicant or would not be in the best interest of the community, and
 - b. the hardship is not the result of action taken by the applicant or a prior owner in violation of this Ordinance.
9. Appeals. The Board of Appeals may, upon written application of an aggrieved party and after public notice, hear appeals from determinations of the (Planning Board, Selectmen or Code Enforcement Officer)* in the administration of this Ordinance. Such hearings shall be held in accordance with State laws. Following such hearing, the Board of Appeals may reverse the decision of the (Planning Board, Selectmen or Code Enforcement Officer)* only upon a finding that the decision is clearly contrary to specific provisions of this Ordinance. An appeal may be taken within thirty days after any decision is rendered by the Board of Appeals, by any party to Superior Court in accordance with State Law.
10. Enforcement. It shall be the duty of the (Code Enforcement Officer or Planning Board)* to enforce the provisions of this Ordinance. If the (Code Enforcement Officer or Planning Board)* finds that any provision of

this Ordinance is being violated, (he or they) shall notify in writing the person responsible for such violation indicating the nature of the violation and ordering the action necessary to correct it.

When the above action does not result in the correction or abatement of the violation, the Municipal Officers, upon notice from the (Code Enforcement Officer or Planning Board)*, are hereby authorized and directed to institute any and all actions, whether legal or equitable, necessary to the enforcement of this Ordinance. Any person who continues to violate any provision of this Ordinance after receiving notice of such violation shall be guilty of a misdemeanor subject to a fine of up to \$100.00 for each violation. Each day such a violation is continued is a separate offense.

Shoreland Zoning Ordinance

Section 1. Purposes

The purposes of this Ordinance are to further the maintenance of safe and healthful conditions; prevent and control water pollution; protect spawning grounds, fish, aquatic life, bird and other wildlife habitat; control building sites, placement of structures and land uses; and conserve shore cover, visual as well as actual points of access to inland waters and natural beauty.

Section 2. Applicability

The Ordinance applies to all land areas within 250 feet, horizontal distance, of the normal high water mark of any pond, river or brook as defined.

Section 3. Effective Date

The effective date of this Ordinance is ten (10) days following acceptance by the State Planning Office. A certified copy of this Ordinance shall be filed with the County Register of Deeds, according to the requirements of State law.

Section 4. Validity and Severability

A. Should any section or provision of this Ordinance be declared by the courts to be invalid, such decision shall not invalidate any other section or provision of this Ordinance.

B. Where conflicts exist between this Ordinance and any other Ordinance, law or regulation, the more stringent provisions shall apply.

Section 5. Amendments

This Ordinance may be amended by a majority vote of the governing body. The State Planning Office shall be notified by Certified Mail, of amendments to this Ordinance, prior to the effective date of such amendments. A file of return receipts from such mailings shall be maintained as a permanent record.

Section 6. Districts and the Zoning Map

The areas to which this Ordinance is applicable are hereby divided into the following districts as shown on the Official Shoreland Zoning Map:

1. Resource Protection District
2. General Development District
3. Limited Residential-Recreational District

The Official Shoreland Zoning Map, and all future amendments thereto, is hereby made part of and incorporated into this Ordinance.

Section 7. Interpretation of District Boundaries

Unless otherwise set forth in the Official Shoreland Zoning Map, District boundary lines are property lines, the center-lines of streets, roads and rights of way, and the boundaries of the shoreland area as defined herein. Where uncertainty exists as to exact location of District boundary lines, the Board of Appeals shall be the final authority as to location.

Section 8. Non-Conforming Uses

- A. Any lawful use of building, structures, premises, land or parts thereof existing at the effective date of this Ordinance or amendments thereto and not in conformance with the provisions of this Ordinance shall be considered to be a non-conforming use.
- B. Any non-conforming use may continue and may be maintained, repaired and improved. No such non-conforming use may be expanded, changed to another

non-conforming use, or renewed after it has been discontinued for a period of 12 calendar months or more, without a permit from the Planning Board in accordance with the provisions of Section 12-B, subsection 6, paragraphs a-i of this Ordinance.

- C. Any non-conforming lot of record existing before the effective date of this Ordinance and not adjoined by other land of the same ownership may be used in accordance with State law and section 10 of this Ordinance.

Section 9. Criteria for Establishing Districts

A. Resource Protection District

The Resource Protection District includes areas in which development would adversely affect water quality, productive habitat, biotic systems, or scenic and natural values.

This district shall include:

1. Inland wetlands as defined in Section 13, and specifically areas rated as moderate to high-value waterfowl areas by the Department of Inland Fisheries and Game, as of January 1, 1973.
2. Flood plains as defined by the 100-year flood or the flood of record or, in the absence of these, by soil types identifiable as recent flood plain soils.
3. Areas having sustained slopes greater than 25%, or unstable soil subject to slumping, mass movement, or severe erosion, when these areas are two acres or more in size.

This District may also include:

4. Other significant wildlife habitat.
5. Natural sites of significant scenic or esthetic value.
6. Areas designated by Federal, State or municipal governments as natural areas of significance to be protected from development; and
7. Other significant areas which should be included in this district to fulfill the purposes of this Ordinance.

B. General Development District

The general development district includes the following types of areas:

1. Areas of two acres or more devoted to intensive residential, recreational, commercial or industrial activities or combinations of such activities, including, but not limited to:
 - a. Transportation rights of way;
 - b. Communication and utility rights of way;
 - c. Areas used for the extraction or processing of mineral resources;
 - d. Areas devoted to: manufacturing, fabricating, wholesaling, warehousing or other commercial activities;
 - e. Areas devoted to retail trade and service activities;
 - f. Areas devoted to intensive recreational development and activities;
 - g. Areas devoted to residential dwelling units at a density of 3 or more per two acres;
 - h. Areas devoted to mixed or combined patterns of a through g above.
2. Areas otherwise discernible as having patterns of intensive residential, recreational, commercial, or industrial uses.

C. Limited Residential-Recreational District

The Limited Residential-Recreational District includes areas other than those included in the Resource Protection District, and which are used less intensively than those included in the General Development District.

Section 10. Uses

Land Uses permitted in each District, in conformance with the land use standards of this Ordinance, are shown below:

KEY: Yes—Allowed (no permit required)

No—Prohibited

PB Permit—Requires permit issued by
the Planning Board

CEO Permit—Requires permit from
Code Enforcement Officer

*—Subject to specific Land Use Standards,
Section II

Land Uses

	DISTRICT		
	Resource Protections	Limited Residential- Recreational	General Development
1. Non-intensive recreational uses not requiring structures such as hunting, fishing and hiking	Yes	Yes	Yes
2. Motorized vehicular traffic on roads, trails, and snowmobiling	Yes	Yes	Yes
3. Forest management activities except for timber harvesting	Yes	Yes	Yes
4. Timber harvesting*	CEO Permit	Yes	Yes
5. Fire prevention activities	Yes	Yes	Yes
6. Wildlife management practices	Yes	Yes	Yes
7. Soil and water conservation practices	Yes	Yes	Yes
8. Mineral exploration*	Yes	Yes	Yes
9. Surveying and resource analysis	Yes	Yes	Yes
10. Emergency operations as defined	Yes	Yes	Yes
11. Harvesting of wild crops	Yes	Yes	Yes
12. Agriculture*	PB Permit	Yes	Yes
13. Principal structures*			
Residential dwelling units	No	PB Permit	PB Permit
Commercial structures	No	No	PB Permit
Industrial structures	No	No	PB Permit
14. Structures accessory to permitted uses	CEO Permit	CEO Permit	Yes
15. Road construction*	PB Permit	Yes	Yes
16. Small non-residential facilities for educational, scientific or nature interpretation purposes	PB Permit	Yes	Yes

17. Public and private parks and recreation areas involving minimal structural development	PB Permit No	Yes PB Permit	Yes PB Permit
18. Campgrounds			
19. Piers, docks, wharves, breakwaters, causeways, marinas, bridges over 20 ft. in length, and uses projecting into water bodies			
Temporary	CEO Permit	CEO Permit	CEO Permit
Permanent	PB Permit	PB Permit	PB Permit
20. Clearing for approved construction	CEO Permit	Yes	Yes
21. Essential services accessory to permitted uses	Yes	Yes	Yes
22. Private sewage disposal systems	No	CEO Permit	CEO Permit
23. Public utilities, including sewage collection & treatment facilities	PB Permit	PB Permit	PB Permit
24. Signs*	Yes	Yes	Yes
25. Filling or other earth-moving activity of less than 10 cubic yards	CEO Permit	Yes	Yes
26. Filling or other earth-moving activity of more than 10 cubic yards	PB Permit	CEO Permit	CEO Permit
27. Uses similar to permitted uses	CEO Permit	CEO Permit	CEO Permit
28. Uses similar to uses requiring a CEO permit	CEO Permit	CEO Permit	CEO Permit
29. Uses similar to uses requiring a PB permit	PB Permit	PB Permit	PB Permit

Section 11. Land Use Standards

All land use activities shall conform to the following applicable land use standards:

A. Agriculture

1. All spreading or disposal of manure shall be accomplished in conformance with the "Maine Guidelines for Manure and Manure Sludge Disposal on Land" published by the University of Maine and the Maine Soil and Water Conservation Commission, in July 1972 or subsequent revisions thereof.
2. There shall be no tilling of soil within 50 feet of the normal high water mark of any lake or pond whose shorelands are covered by this Ordinance.
3. Where soil is tilled in a Resource Protection District, or where soil in excess of 20,000 sq. ft. lying either wholly or partially within the area covered by this Ordinance is tilled in a General Development District or a limited Residential-Recreational District, such tillage shall be carried out in conformance with the provisions of a Conservation Plan which meets the standards of the State Soil and Water Conservation Commission, and is approved by the appropriate Soil and Water Conservation District. The number of the plan shall be filed with the Planning Board. Non-conformance with the provisions of such Conservation Plan shall be considered to be a violation of this Ordinance.

B. Beach Construction

Beach construction on any great pond or coastal wetland shall require a permit from the Department of Environmental Protection. Beach construction on any river, stream, or brook capable of floating watercraft shall require approval from the Commissioner of the Department of Inland Fish & Game, as required by law.

C. Campgrounds

Campgrounds shall conform to the minimum requirements imposed under State licensing procedures and the following:

1. Camping areas shall contain a minimum of 5,000 square feet of suitable land, not including roads and driveways, for each site.

2. The area intended for placement of the recreational vehicle, tent, or shelter and utility and service buildings, shall be set back a minimum of 75 feet from the normal high water mark of any pond, river, or salt water body as defined.

D. Clearing

Clearing of trees and conversion to other vegetation is permitted for approved construction and landscaping. Where such clearing extends to the shoreline, a cleared opening or openings not greater than 30 feet in width for every 100 feet of shoreline (measured along the normal high water mark) may be created in the strip extending 50 feet inland from the normal high water mark and paralleling the shoreline. Where natural vegetation is removed, it shall be replaced with other vegetation that is equally effective in retarding erosion and preserving natural beauty.

E. Erosion and Sedimentation Control

Filling, grading, lagooning, dredging, earth-moving activities, and other land use activities shall be conducted in such manner to prevent to the maximum extent possible, erosion and sedimentation of surface waters. To this end, all construction shall be accomplished in conformance with the erosion prevention provisions of *"Environmental Quality Handbook / Erosion and Sediment Control"* published by the Maine Soil and Water Conservation Commission.

F. Mineral Exploration

Mineral exploration to determine the nature or extent of mineral resources shall be accomplished by hand sampling, test boring, or other methods which create minimal disturbance. A permit from the Planning Board shall be required for mineral exploration which exceeds the above limitations.

G. Piers, docks, wharves, breakwaters, causeways, marinas, bridges over 20 feet in length, and uses projecting into water bodies.

In addition to federal or state permits which may be required for such structures and uses, they shall conform to the following:

1. Access from shore shall be developed on soils appropriate for such use and constructed so as to control erosion.

2. The location shall not interfere with developed beach areas.
3. The facility shall be located so as to minimize adverse effects on fisheries.
4. The facility shall be no larger in dimension than necessary to carry on the activity and be consistent with existing conditions, use, and character of the area.

H. Residential Lot Standards

1. Lots shall meet or exceed the following minimum requirements:

Without Sanitary Sewers	With Sanitary Sewers
20,000 square feet	10,000 square feet

2. If more than one residential dwelling unit is constructed on a single parcel, the minimum lot size requirement shall be met for each additional dwelling unit.
3. A lot abutting a lake, pond, river, stream or tidal water shall have a minimum shore frontage of 100 feet, measured in a straight line between the points of intersection of the side lot lines with the shoreline at normal high water elevation.
4. Structures shall not cover more than 20% of any lot.

I. Road Construction

1. Roads shall be located, constructed, and maintained in such a manner that minimal erosion hazard results. Adequate provision shall be made to prevent soil erosion and sedimentation of surface waters. All roads shall be located, constructed and maintained in conformance with the erosion prevention provisions of *"Permanent Logging Roads for Better Woodlot Management"* published by the Division of State and Private Forestry, Forest Service Northeastern Area, U.S. Department of Agriculture in 1973 or subsequent revisions thereof.
2. Additionally, all roads constructed shall conform with the following standards:
 - a. Road crossings of watercourses shall be kept to the minimum number necessary;
 - b. Bottoms of culverts shall be installed at stream-bed elevation;

- c. All cut or fill banks and areas of exposed mineral soil shall be revegetated or otherwise stabilized as soon as possible; and
- d. Bridges or culverts of adequate size and design shall be provided for all road crossings of watercourses which are to be used when surface waters are unfrozen. The requirement for a bridge or culvert may be waived by obtaining a permit from the Planning Board.

J. Sanitary Standards

1. Subsurface Sewage Disposal

A. Soil Conditions

- 1. All subsurface sewage disposal systems shall be located in areas of suitable soil of at least 1,000 square feet in size.
- 2. All subsurface sewage disposal systems shall be located in soils having characteristics allowing them to be rated as having "slight" or "moderate" limitations for the proposed use in the current *"Statewide Set of Maine Soil Descriptions and Interpretations"* published by the U.S. Department of Agriculture, Soil Conservation Service.
- 3. The determination of soil suitability shall be based on a soils report prepared by a State-certified soil scientist or geologist, based on an on-site investigation and soil observation to a minimum depth of five feet. Suitability considerations shall be based primarily on criteria employed in the National Cooperative Soil Survey as modified by on-site factors such as depths to water table and depth to refusal.

B. Setbacks

The minimum setback for underground sewage disposal facilities from the normal high water mark of a waterbody shall be no less than 100 horizontal feet. Where daily sewage flow exceeds 2,000 gallons, the minimum setback shall be 300 feet from any shoreline. All other setback requirements of the State Plumbing Code shall be met in full. Setbacks from shorelines for all sub-

surface sewage disposal facilities shall not be reduced by variance.

2. Privies

Privies may be permitted in areas not served by community sewer facilities under the following conditions:

- A. No plumbing of any kind shall be connected to or discharged into the privy pit.
- B. The privy shall be located at a minimum horizontal distance of 100 feet from the normal high water mark of a waterbody.
- C. The bottom of the privy pit shall be at least two feet above bedrock and the ground water table at its highest point during the year or have a water-tight vault.
- D. Privies shall not be permitted on recent flood plain soils.

3. Other Systems

Other systems of sanitary waste disposal may be permitted after approval by the Maine Department of Health and Welfare, and after a permit has been issued by the Planning Board.

K. Signs

The following provisions shall govern the use of signs in the Resource Protection and Limited Residential-Recreational Districts:

1. Signs and billboards relating to goods and services sold on the premises shall be permitted, provided such signs shall not exceed six (6) square feet in area, and shall not exceed two (2) signs per premises. Billboards and signs relating to goods and services not rendered on the premises shall be prohibited.
2. Name signs shall be permitted, provided such signs shall not exceed two (2) signs per premises.
3. Residential users may display a single sign not over three (3) square feet in area relating to the sale, rental, or lease of the premises.
4. Signs relating to trespassing and hunting shall be permitted without restriction as to number provided that no such sign shall exceed two (2) square feet in area.
5. No sign shall extend higher than twenty (20) feet above the ground.
6. Signs may be illuminated only by shielded, non-flashing lights.

L. Soils

1. All land uses shall be located on soils in or upon which the proposed uses or structures can be established or maintained without causing adverse environmental impacts, including severe erosion, mass soil movement, and water pollution, whether during or after construction. Proposed uses requiring subsurface waste disposal, and commercial or industrial development and other similar intensive land uses, shall require a soils report, prepared by a State-certified soil scientist or geologist based on an on-site investigation. Suitability considerations shall be based primarily on criteria employed in the National Co-operative Soil Survey as modified by on-site factors such as depth to water table and depth to refusal.

M. Structures

1. All principal structures in the Resource Protection and Limited Residential-Recreational Districts shall be set back at least 75 feet from the normal high water mark of any pond, river, or brook as defined.
2. The first floor elevation or openings of all buildings and structures shall be elevated at least two feet above the elevation of the 100-year flood, the flood of record or, in the absence of these, the flood as defined by soil type identifiable as recent flood plain soils.

N. Timber Harvesting

1. No substantial accumulation of slash shall be left within fifty (50) feet of the normal high water mark of any pond, river, or brook as defined. At distances greater than fifty (50) feet from the normal high water mark of such waters and extending to the limits of the area covered by this Ordinance, all slash shall be disposed of in such a manner that it lies on the ground and no part thereof extends more than four feet above the ground.
2. Skid trails, log yards, and other sites where the operation of logging machinery results in the exposure of substantial areas of mineral soil shall be located such that an unscarified filter strip is retained between the exposed mineral soil and the normal high water mark of any pond, river, or brook as defined. The width of

this strip shall vary according to the average slope of the land as follows:

Average Slope of Land Between Exposed Mineral Soil and Normal High Water Mark (percent)	Width of Strip Between Exposed Mineral Soil and Normal High Water Mark (Feet along Surface of the Ground)
0	25
10	45
20	65
30	85
40	105
50	125
60	145
70	165

3. Harvesting operations shall be conducted in such a manner and at such a time that minimal soil disturbance results. Adequate provision shall be made to prevent soil erosion and sedimentation of surface waters.
4. Harvesting operations shall be conducted in such a manner that a well-distributed stand of trees is retained.
5. Harvesting activities shall not create single openings greater than seven thousand five hundred (7,500) square feet in the forest canopy.
6. In any stand, harvesting shall remove not more than forty (40) percent of the volume of trees in any ten (10) year period. For the purpose of these standards, a stand means a contiguous group of trees, sufficiently uniform in species, arrangement of age classes, and conditions, to be identifiable as a homogeneous and distinguishable unit.
7. Timber harvesting operations not in conformance with 2, 4, 5, and 6 above may be allowed by the Planning Board upon approval of a permit granted in accordance with the provisions of Section 12-B subsection 6, paragraphs a-i upon a clear showing by the applicant that such an exception is necessary for proper timber management.

O. Water Quality Protection

No activity shall locate, store, discharge, or permit the discharge of any treated, untreated, or inadequately

treated liquid, gaseous, or solid materials of such nature, quantity, obnoxiousness, toxicity, or temperature that run off, seep, percolate, or wash into surface or ground waters so as to contaminate, pollute, or harm such waters or cause nuisances, such as objectionable shore deposits, floating or submerged debris, oil or scum, color, odor, taste, or unsightliness or be harmful to human, animal, plant or aquatic life.

Section. 12. Administration

A. Creation of Administering Bodies and Agents.

1. Code Enforcement Officer

A Code Enforcement Officer shall be appointed by the Municipal Officers

2. Board of Appeals

There is hereby created the Board of Appeals of the Town of Greenwood pursuant to the provisions of State Law.

B. Permits

1. Permits Required

After the effective date of this Ordinance no person shall engage in any use of land requiring a permit in the district in which it would occur, or expand or change an existing non-conforming use, or renew a discontinued non-conforming use without first obtaining a permit.

2. Permit Application

Applications for permits shall be submitted in writing. The Code Enforcement Officer or Planning Board may require the submission of whatever information is necessary to determine conformance with the provisions of this Ordinance.

3. Plumbing Permit Required Prior to Building Permit

No building permit shall be issued for any structure or use involving the construction, installation or alteration of plumbing facilities unless a permit for such facilities has been secured by the applicant or his authorized agent, according to the requirements of this Ordinance.

4. Approval of Permits

Permits shall not be denied if the proposed use is found to be in conformance with the provisions of this Ordinance. All permits shall either be approved

or denied within 60 days of receipt of a completed application, including all information requested.

5. **Permits Issued by Code Enforcement Officer**

The Code Enforcement Officer shall approve or deny those applications on which he is empowered to act as shown in Section 10. Approval shall be granted only if the proposed use is in conformance with the provisions of this Ordinance.

6. **Permits Issued by Planning Board**

The Planning Board shall approve or deny those applications on which it is empowered to act as stated in this Ordinance. The Planning Board may, after the submission of a complete application including all information requested, grant a permit if it makes a positive finding based on the information presented to it that, except as specifically exempted in this Ordinance, the proposed use:

- a. Will not result in unsafe or unhealthful conditions;
- b. Will not result in erosion or sedimentation;
- c. Will not result in water pollution;
- d. Will not result in damage to spawning grounds, fish, aquatic life, bird and other wildlife habitat;
- e. Will conserve shoreland vegetation;
- f. Will conserve visual points of access to waters as viewed from public facilities;
- g. Will conserve actual points of public access to waters;
- h. Will conserve natural beauty;
- i. Will avoid problems associated with flood plain development and use; and
- j. Is in conformance with the provisions of Section 11, Land Use Standards.

7. **Conditions**

Permits granted under this Section may be made subject to reasonable conditions to ensure conformity with the purposes and provisions of this Ordinance.

C. **Appeals and Variances**

1. **Variances**

A copy of all variances granted by the Board of Appeals shall be submitted to the State Planning Office. The Board of Appeals, may, upon written application of the affected landowner, grant a variance from the

strict application of the Ordinance under the following conditions:

- a. The strict application of the terms of this Ordinance would result in undue hardship to the applicant;
- b. The hardship is not the result of action taken by the applicant or a prior owner; and
- c. The Board of Appeals, based on clear and convincing evidence presented to it, makes a finding that the proposed use would meet the provisions of Section 12-B, subsection 6, paragraphs a-i.

A variance is authorized only for lot area, lot coverage by structures, and setbacks. A variance shall not be granted to permit a use or structure otherwise prohibited.

2. Appeals to Board of Appeals

The Board of Appeals may, upon written application of an aggrieved party and after public notice, hear appeals from determinations of the Planning Board or Code Enforcement Officer in the administration of this Ordinance. Such hearings shall be held in accordance with State laws. Following such hearing, the Board of Appeals may reverse the decision of the Planning Board or Code Enforcement Officer only upon a finding that the decision is clearly contrary to specific provisions of this Ordinance.

3. Appeal to Superior Court

An appeal may be taken within thirty days after any decision is rendered by the Board of Appeals, by any party to Superior Court in accordance with State law.

D. Enforcement

1. Nuisances

Any violation of this Ordinance shall be deemed to be a nuisance.

2. Code Enforcement Officer

It shall be the duty of the Code Enforcement Officer to enforce the provisions of this Ordinance. If the Code Enforcement Officer shall find that any provision of this Ordinance is being violated, he shall notify in writing the person responsible for such violation, indicating the nature of the violation and ordering the action necessary to correct it, including discontinuance of illegal use of land, buildings, struc-

tures, or work being done, removal of illegal buildings, structures, or work being done, removal of illegal buildings or structures, and abatement of nuisance conditions. A copy of such notices shall be maintained as a permanent record.

3. Legal Actions

When the above action does not result in the correction or abatement of the violation or nuisance condition, the Municipal Officers, upon notice from the Code Enforcement Officer, are hereby authorized and directed to institute any and all actions and proceedings, either legal or equitable, including seeking injunctions of violations and the imposition of fines, that may be appropriate or necessary to enforce the provisions of this Ordinance in the name of the municipality.

4. Fines

Any person who continues to violate any provision of this Ordinance after receiving notice of such violation shall be guilty of a misdemeanor subject to a fine of up to \$100.00 for each violation. Each day such a violation is continued is a separate offense.

Section 13. Definitions

Terms not defined herein shall have the customary dictionary meaning. As used in this Ordinance, the following definitions shall apply:

Water Related Terms

A. Pond

Any inland body of water which has a surface area in excess of 10 acres, except where such body of water is man-made and in addition is completely surrounded by land held by a single owner, and except those privately owned ponds which are held primarily as waterfowl and fish breeding areas or for hunting and fishing.

B. River

Any free flowing body of water from that point at which it provides drainage for a watershed of 25 square miles to its mouth.

C. Brooks

A continuous flowing tributary to any pond or river.

D. Normal High Water Mark of Inland Waters

That line on the shores and banks of non-tidal waters which is apparent because of the contiguous different

character of the soil or the vegetation due to the prolonged action of the water. Relative to vegetation, it is that line where the vegetation changes from predominantly aquatic to predominantly terrestrial (by way of illustration, aquatic vegetation includes but is not limited to the following plants and plant groups — water lily, pond lily, pickerelweed, cattail, wild rice, sedges, rushes, and marsh grasses; and terrestrial vegetation includes but is not limited to the following plants and plant groups — upland grasses, aster, lady slipper, wintergreen, partridge berry, sarsaparilla, pines, cedars, oaks, ashes, alders, elms, and maples). In places where the shore or bank is of such character that the high water mark cannot be easily determined (rockslides, ledges, rapidly eroding or slumping banks) the normal high water mark shall be estimated from places where it can be determined by the above method.

Forest Management Terms

E. Forest Management Activities

Timber cruising and other forest resources evaluation activities, management planning activities, insect and disease control, timber stand improvement, pruning, timber harvesting and other forest harvesting, regeneration of forest stands, and other similar associated activities, but not the construction or creation of roads.

F. Timber Harvesting

The cutting and removal of trees from their growing site, and the attendant operation of cutting and skidding machinery but not the construction or creation of roads. Timber harvesting does not include the clearing of land for approved construction.

Road Terms

G. Road

A route or track consisting of a bed of exposed mineral soil, gravel, asphalt, or other surfacing material constructed for or created by the repeated passage of motorized vehicles.

Wetland Terms

H. Inland Wetland

Areas enclosed by the normal high water mark of inland waters and areas otherwise identified on the basis of

soils, vegetation, or other criteria as inland wetlands including but not limited to swamps, marshes or bogs.

Structure Terms

I. Structure

Anything built for the support, shelter, or enclosure of persons, animals, goods, or property of any kind.

J. Principal Structure

The structure in which the primary use of the lot is conducted.

K. Accessory Structure

A structure of a nature customarily incidental or subordinate to that of the principal structure or the primary use to which the premises are devoted.

L. Residential Dwelling Unit

A room or group of rooms designed and equipped exclusively for use as permanent, seasonal, or temporary living quarters for only one family. The term shall include mobile homes.

M. Piers, Docks, Wharves, Breakwaters, Causeways, Marinas, Bridges Over 20 feet in Length, and uses projecting into Water Bodies

Temporary: Structures which remain in the water for less than seven months in any period of twelve consecutive months.

Permanent: Structures which remain in the water for seven months or more in any period of twelve consecutive months.

N. Aggrieved Party

A person whose land is directly or indirectly affected by the grant or denial of a permit or variance under this Ordinance, a person whose land abuts land for which a permit or variance has been granted, or a group of five or more citizens of the municipality who represent an interest adverse to the grant or denial of such permit or variance.

O. Emergency Operations

Emergency operations shall include operations conducted for the public health, safety, or general welfare, such as protection of resources from immediate destruction or loss, law enforcement, and operations to rescue human beings and livestock from the threat of destruction or injury.

P. Recent Flood Plain Soils

Recent flood plain soils include the following soils as described and identified by the National Cooperative Soil Survey:

- Alluvial land
- Hadley silt loam
- Limerick silt loam
- Ondawa fine sandy loam
- Podunk fine sandy loam
- Rumney fine sandy loam
- Saco silt loam
- Suncook loamy sand
- Winooski silt loam

Q. Privy

A pit in the ground into which human excrement is placed.

R. Essential Services

Gas, electrical, communication facilities, steam, fuel or water supply, transmission, or distribution systems.

SHORELAND ZONING

The following numbers, which are indicated on the Official Greenwood Shoreland Zoning Map, indicate the point described between zones.

1. Greenwood-Woodstock town line on route 26.
2. Route 26 bridge by picnic grounds.
3. Property line of Keith Ring and Corriveau.
4. Property east of Canadian National Railroad on Greenwood-Woodstock town line which runs through Cummings property.
5. Northerly end of small pond east of Canadian National Railroad which adjoins South Pond by culvert.
6. Glass-Harithas Property line.
7. 600 feet easterly from Glass-Harithas property line at shore of Twitchell Pond.
8. Property line of Eunice Brooks-Harithas.
9. Keith Emery Heirs-Eunice Brooks property line.
10. Line between Greenwood property Map R-8 and Greenwood property Map R-11.

13. Line between Greenwood property Maps R2 and R5 on westerly side of Mud Pond.

The shoreland has been zoned into three categories on the Official Greenwood Shoreland Zoning Map as indicated by the following color codes.

RED — Resource Protection Area
 GREEN — General Development District
 YELLOW — Limited Residential-Recreational District

Reading counter-clockwise the following areas between indicated numbers are zoned as follows:

BETWEEN NUMBERS	COLOR CODE
1 and 2	Yellow
2 and 3	Green
3 and 4	Yellow
4 and 5	Red
5 and 1	Yellow
6 and 7	Red
7 and 8	Yellow
8 and 9	Red
9 and 6	Yellow
10 and 11	Red
11 and 10	Yellow
12 and 13	Red
13 and 12	Yellow

All those areas not specifically included between the preceding number designations are zoned YELLOW. This includes all brooks, rivers, islands, Furlong Pond, Indian Pond, Lake Christopher, and Hicks Pond.
